

## GPA Calculation for JASSO Scholarship Eligibility

The recipient of JASSO scholarships must have a G.P.A. (Grade Point Average) of 2.3 or higher in one of the following evaluation scales. If the academic evaluation of the nominated student cannot be indicated in any of these evaluation scales, the home university must produce a letter or document to certify that the student has an outstanding academic record and to explain why his/her academic result is equivalent to a G.P.A. of 2.3 or higher.

<How to Calculate Grade Point Average>

The academic result of each course taken must be applied to one of the following evaluation scales and the G.P.A calculated according to the formula:

	Academic Result				
4 level scale (pattern 1)		Excellent	Good	Pass	Fail
4 level scale (pattern 2)		100 – 80%	79 – 70%	69 – 60%	59% or lower
4 level scale (pattern 3)	100 – 90%	89 – 80%	79 – 70%	69 – 60%	59% or lower
5 level scale (pattern 4)	S	A	B	C	F
5 level scale (pattern 5)	A	B	C	D	F
5 level scale (pattern 6)					
Grade Point	3	3	2	1	0

[G.P.A. Calculation Formula]

$$\frac{
 \left( \begin{array}{c} \text{Total number of} \\ \text{credits for} \\ \text{Grade Point 3} \end{array} \right) \times 3 + \left( \begin{array}{c} \text{Total number of} \\ \text{credits for} \\ \text{Grade Point 2} \end{array} \right) \times 2 + \left( \begin{array}{c} \text{Total number of} \\ \text{credits for} \\ \text{Grade Point 1} \end{array} \right) \times 1 + \left( \begin{array}{c} \text{Total number of} \\ \text{credits for} \\ \text{Grade Point 0} \end{array} \right) \times 0
 }{
 \begin{array}{c} \text{Total number of credits for all registered courses} \end{array}
 }$$

※ If the home university does not have a credit system, the total number of courses should be calculated instead of the number of credits.
